NOSHIN CHOWDHURY

Full Stack Software Engineer

📞 917-244-4637　@ noshin.chowdhury31@gmail.com　🔗 noshinc346.github.io/personal-website　📍 New York, NY

SUMMARY

Full Stack Software Engineer with experience in **JavaScript**, **Python**, and a strong focus on **automation** and **performance optimization**. Adept at blending technical expertise with **creativity** to deliver **seamless user experiences.** I'm driven by a passion for building high-quality software and eager to contribute my skills to a forward-thinking team.

PROFESSIONAL EXPERIENCE

Technical Specialist

Apple　　🗓 Present　📍 New York, NY

- **Diagnosed and resolved** complex software, hardware, and network issues for Apple devices, ensuring timely resolution and high customer satisfaction.
- **Gained proficiency** in troubleshooting tools, diagnostics, and scripting for Apple products, demonstrating a **proactive approach to resolving technical issues efficiently**.
- **Provided feedback** on software performance, contributing to Apple's **continuous improvement efforts** by reporting bugs and suggesting features based on user needs.

Software Engineer Fellow

General Assembly　　🗓 2024　📍 New York, NY

- Completed **500+ hours** in product management, gaining proficiency in software development fundamentals and mastering industry-leading technologies.
- Led the **management** of **5 projects** by organizing tasks, setting deadlines, and facilitating team collaboration. Contributed to **over 50 pull requests**, ensuring thorough code reviews and version control
- Optimized **APIs and database** integration processes, implementing enhancements that improved **code efficiency by 40%** as measured by reduced response times and increased throughput by performance testing.

QA Automation Engineer

Blue Cross and Blue Shield　　🗓 2022 - 2023　📍 New York, NY

- Assisted **BCBS's FEPOC team** in **transitioning** the claims' adjudication process from **manual to automated** systems.
- Coordinated **UAT efforts** for insurance enrollment processes, reducing feedback cycles **by 30%** and ensuring **quicker turnaround times** for product releases.
- Actively participated in **Agile environment** (daily stand-ups, grooming, retrospectives) to **refine user stories** and **drive continuous improvement**.

EDUCATION

Bachelor of Science

St. John's University　　📍 Queens, NY
